DETAILED ACTION

Allowable Subject Matter

Claims 1-6, 20, 22, 26, and 44-56 are allowed.

Claims 4, and 44 have been rejoined because the independent claims are broad. Claims 4 and 44 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821, claims 4 and 44, directed to a different embodiment and, previously withdrawn from consideration as a result of a election requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

The following is an examiner's statement of reasons for allowance: After careful consideration of the Applicant's remarks the Examiner has found the independent claims are allowable. There is no evidence in the prior art of an implantable heart valve sewing prosthesis comprising a ring shaped body having a blood contacting external surface including an intrinsically conductive polymer having a resistivity of less than 2000 ohms per square, wherein the intrinsically conductive polymer without a metallic filler or coating.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alvin J. Stewart whose telephone number is 571-272-4760. The examiner can normally be reached on Monday-Friday 7:00AM-5:30PM(1 Friday B-week off).
